As you drive, keep them alive! Every year drivers kill more than 100 large animals, causing property damage and personal injury. Drive cautiously at or below the posted speed limit.

Teton Park Road – South to North

Craig Thomas Discovery and Visitor Center

Stop by the state-of-the-art visitor center in Moose. Watch the park film and explore the interactive natural and cultural history exhibits. Ask a ranger about what to see and do in the park or attend a ranger-led activity.

Menors Ferry & Chapel of the Transfiguration

Turn east 1/2 mile north of Moose. Stroll through Menors Ferry Historic District to learn about homesteading and pioneer life in Jackson Hole. Visit Bill Menor's cabin and view a replica of the ferry that crossed the Snake River. The altar window in the Chapel frames the high peaks of the Teton Range.

South Jenny Lake / Hidden Falls & Inspiration Point

Visit the historic Jenny Lake Visitor Center including a geology display. Hike along Jenny Lake and up to Hidden Falls and Inspiration Point, or if you prefer, cross Jenny Lake on a shuttle boat (fee charged).

North Jenny Lake Scenic Drive

North Jenny Lake Junction accesses a four-mile, one-way scenic drive to an overlook of Jenny Lake and Cascade Canyon. This drive runs north to south. Leigh and String Lake trailheads and Jenny Lake Lodge are reached from this drive.

Signal Mountain Summit Road

This five-mile drive begins one mile south of the Signal Mountain Lodge. The road winds to the top of Signal Mountain almost 1,000 feet above the valley floor. Two overlooks provide panoramic view of the Teton Range and Jackson Lake. The road is narrow and parking is limited. Trailers and motorhomes are not permitted.

Jackson Lake Dam

One mile west of Jackson Lake Junction you cross the dam that raises the level of Jackson Lake by up to 39 feet. The reservoir sits on top of a natural lake carved by a large glacier that flowed off the Yellowstone Plateau.

US Highway 89/191 – South to North

Mormon Row Historic District

Turn off the Antelope Flats Road 1.5 miles east of the highway to view iconic historic barns and homesteads. Mormon Row is a rough unpaved road; high clearance vehicles are recommended.

Antelope Flats / Gros Ventre Loop

One mile north of Moose Junction, turn east onto Antelope Flats Road. Follow the loop east, turn south toward Kelly and then return to US Highway 26/89/191 along the Gros Ventre River. Look for wildlife such as pronghorn, bison and moose.

Snake River Overlook

Stop at this turnout for spectacular views of the Teton Range. Ansel Adams took his spectacular photo of the Snake River and Teton Range from this site.

Cunningham Cabin Historic Site

Take a self-guided walk through the oldest historic building remaining in Grand Teton National Park. Learn about the challenges of homesteading the area and look for badgers and coyotes hunting in the nearby meadows.

Oxbow Bend Turnout

One mile east of Jackson Lake Junction, this meander of the Snake River attracts wildlife including, moose, beaver, river otters and waterfowl. Mount Moran dominates the background.

Willow Flats Overlook

Stop at the turnout six miles south of Colter Bay for a view of extensive wetlands that provide excellent habitat for birds, beaver, elk and moose. Jackson Lake and the Teton Range dominate the background.

Colter Bay Visitor Center

Visit the Indian Arts exhibit featuring items from the David T. Vernon Collection or meet a guest artist. Take a short stroll on one of the trails along Jackson Lake.

Extra Time? Try one of these activities.

Ranger-Led Activities

Join a park ranger to learn more about the natural and cultural history of Grand Teton National Park. Programs include tours, guided hikes, campfire programs and more. Schedule available in the Park Guide newspaper.

Take a Hike

There are over 250 miles of hiking trails in the park ranging from level, easy trails on the valley floor to steep, arduous trails into the mountains. Ask at a visitor center for recommended hikes and trail guides. Rev. 7/15
